

# ChamFlex® Brass Sweat-Hose Adapter

A Sweat x 37° Flare Brass Adapter available in 1/2", 3/4", 1" and 1 1/4" sizes. Hose assemblies can be supplied with sweat adapter on one, or both ends.

## Advantages:

- Fewer Components
- Washer-less Design—seating metal against metal.
- Reduces the amount of brazed/soldered joints.
- Fewer leak paths.
- Less labor required for installation.
- Great for applications with space constraints.
